the Examiner, the interest that your father had in this particular property at the time of his death?

- A By descent from Margaret Josephine Thomas to Walter Worth Thomas--1/8 share.
- Q And that was upon the death of Margaret Josephine Thomas in 1924, is that correct?
- A That's correct, now continuing on: By descent from Yuell Thomas to Walter Worth Thomas--1/56.
- Q And that was in 1954?
- A Yes. From Ruth K. Taylor--1/7 share; from Grace M. Long -1/7; from Ruth Grove--1/21; from Ricky Thomas--1/21. From Bonnie E. Thomas--1/21; Glen Wynkoop--1/49th; Delbert Wynkoop--1/49th; Woodrow W. Wynkoop--1/49th; James W. Wynkoop--1/49th; Imogene Sines--1/49th; Karen Cannon--2/147ths plus 1/735th; from Oscar Thomas--1/84th.
- Now, did you have some kind of a common denominator that you used to come to a total share your father had at the time of his death?
- A That's been arrived at by reducing all the shares to 5000/880ths.
- Q And summing up those fractions which you just testified to, what is the total share then that your father's estate is entitled to according to your testimony?
- A According to this, his estate is entitled to 4118/5880ths.
